new California clients.*

## Exciting Developments at AED Institute

This past month, AED Institute acquired its first company, Life Trends Group, based in Dana Point, California.

Bryan Flynn, a retired firefighter from Los Angeles, devoted father, and loving grandfather, has decided to embrace retirement. He looks forward to spending quality time with his grandkids at sports events and enjoying moments with his wife, Nancy.

We are thankful for the opportunity to continue the legacy he built alongside countless wonderful agencies and AED advocates.

We are both honored and excited to build upon the incredible work Bryan has accomplished over the years.

# Halloween Manikin Decorating Contest
